

## TOOTSIEWIPES™ MEDICATED FOOT SANITIZER

DHART Labs has discovered that patients can get reinfected while using public or hotel facilities in which their feet come in contact with unsanitary surfaces. Usually a quick wipe with a sanitizing towel designed specifically to kill foot pathogens does the trick preventing recontamination of the nail. TootsieWipes™ are effective against most all nail infecting fungus

including the most common, T. Rubrum, T. Tonsurans, T. Mentagro-phytes & Candida Albicans. Dhart's Patent is pending for this formulation. Patients who present with active infections should check out other appropriate CoolToes™ nail treatments

5 6X8" wipes

MSRP \$8.98

CoolToes™

...for beautiful healthy nails
